* A portion of the state gas tax on gasoline sales in each county is sent to the state monthly and deposited into SCDOT's County Transportation Fund, or "C" fund, for county transportation projects. The State accumulates these monthly deposits and returns them to counties annually based on an allocation formula provided in state law. With this allocation formula some counties receive back more "C" funds than they deposit during the year while other counties receive back less. The State calls counties that receive back less "donor counties" and it directs SCDOT to make up to \$20.5 million per year of total additional distributions to donor counties using a distribution formula provided in state law. No donor county's share of its additional distribution when combined with its regular "C" fund allocation may exceed its annual "C" fund deposits. (For additional details on SCDOT's County Transportation Fund see SC Code of Laws Section 12-28-2740.)

Proviso 84.15 of the FY2019-20 General Appropriations Act designated the IMTF as the source of funding for SCDOT to make additional County Transportation Fund distributions to qualifying counties.
